# COVID-19 Screening Center Preoperative & Symptomatic Testing

All patients being scheduled for surgical procedures at Baptist Health Corbin must test negative for COVID-19 two (2) days prior to their surgery. Area healthcare providers can now refer patients for preoperative and symptomatic COVID-19 testing to the Baptist Health Corbin screening site located at Baptist Health Corbin (NEW LOCATION).

Baptist Health Corbin  
1 Trillium Drive (Trillium Center Circle)  
Corbin, KY 40701  
606.526.4819 (phone)  
606.526.4940 (fax)

Hours of Operation:

Monday - Friday, 8 a.m. – 4:30 p.m.

Providers should fax COVID-19 test orders to 606.526.4940 and call 606.526.4819 to confirm the order has been received.

Please instruct patients to call 606.526.4820 to pre-register.

Please refer to the schedule below to determine when your patient should be scheduled for preoperative COVID-19 testing:

Day of Surgery	COVID-19 Test Collection
Monday	Friday Prior
Tuesday	Friday Prior
Wednesday	Monday Prior
Thursday	Tuesday Prior
Friday	Wednesday Prior

Visiting the Baptist Health Corbin drive-through screening site in Corbin, KY:

- Patients utilizing the offsite temporary screening site who have symptoms of COVID-19 will be treated as though they are infectious, and will be asked to wait in their car and call 606.526.4820 to pre-register. Someone will come out to assist when the patient arrives. Staff will also be wearing masks in an effort to preserve the safety of the environment.
- Patients tested for COVID-19 must self-quarantine at home until test results are known. Baptist Health Screening Center staff will provide information on appropriate ways to self-quarantine at home per Centers for Disease Control and Prevention (CDC) guidelines.
- Test results for COVID-19 will take 1-2 business days to be returned. Patients must have preoperative testing as listed below.
